Lets Go Indoor Rollator

The Lets Go Indoor Rollator is an entirely new and practical walking aid. It is light, flexible and beautifully designed for indoor use in the home, hospital or care home.

It is comfortable to use and easy to manoeuvre over carpet and household thresholds, and it is perfect for getting into narrow spaces such as toilets and bathrooms.

The hand operated brakes are easy to apply and can be used as parking brakes. The handle is soft and comfortable and can be adjusted to suit the height of the user. The brakes are also linked together so that both brakes can be operated with just one hand.

The Lets Go comes with a useful carry bag and clip on tray, which is ideal for transporting drinks, plates or any other small light weight items from room to room.

The Lets Go can be neatly folded away when not in use or for transporting in a car.

A useful accessory in the hospital environment is the drip holder. This optional extra is easily attached to the frame and allows the user to walk with a drip and a walking aid comfortably.

Aluminium finish with stylish beech appearance on the rear legs.

Handle Height	790-900mm (25½"-31")

The Buckingham Walking Frame Caddy

Developed by healthcare professionals the Buckingham Walking Frame Caddy enables users of wheeled walking frames to safely transport a variety of daily living items. In most instances it can replace the need for a trolley. The caddy enables a patient to carry most items safely and more independently, without being reliant upon carers. The Caddy has one large and one small compartment to allow the user to separate items such as glasses, keys, medication etc. Supplied with a tray, that is designed to safely transport a plate of food, and a mug holder, which catches any spillages. The caddy is easy to fit to most styles of walking frame. Manufactured from a tough, durable plastic it can be cleaned in a dishwasher and has drainage holes, for easy drying.

Maximum carrying weight 2kg. Width without tray 434mm (17"). Width with tray 457mm (18"). Depth with tray 310mm (12.25"). Height 200mm (8") Total weight 1kg.

PR30350 £29.30 (£24.94)

Norco Leg Lifter

Helps clients move legs safely following hip injury.

Raise or lower legs with the Norco Leg Lifter. Ideal for clients with weak hip flexors following total hip replacements. The 560mm (22") aluminium rod and 250mm (10") wide nylon webbing. Rod bends easily to accommodate any foot. Total length measures 1080mm (42½"). Weighs only 71g (2½oz).

PR30318 £7.86 (£6.69)

Mobility
