Freedom Wrist Brace - Navy

A comfortable wrist brace, with a cut away design which allows flexion at the palmar crease and opposition of the thumb to the fingers. Soft Lycra binding prevents chafing of the thumb web. This brace is ideal for broken wrists, forearm fractures, Carpal Tunnel Syndrome, Arthritis, RSI and Tendonitis.

£10.15

Comfort Cool Thumb CMC Restriction Splint

Unique strap surrounds the thumb for extra CMC support.

- Made of thin (1.6mm), latex-free, perforated neoprene with a terry cloth liner that helps keep skin cool and comfortable.
- Ideal for CMC joint arthritis and/or instability, tendonitis and thumb discomfort associated with repetitive motion. May be helpful for tenosynovitis of the thumb extensors/abductors.
- Light compression helps reduce thumb pain.
- Contoured strap surrounds the thumb CMC joint and first metacarpal for direct joint support. Allows full hand function to help encourage compliance.
- The thumb sleeve that supports the MP joint can be cut away as needed.
- Hand wash and air dry.
- To size, measure circumference at MP joints.
